CERTIFICATE

No. 4/III/2021

PRODUCER (APPLICANT)

CBR Rock Master Sp. z o. o. Sp. k.
ul. Królewska 94/11, 30-079 Kraków

PRODUCT

Type A anchor device – Formwork Post

TYPE/MODEL

Device versions:
a) Formwork post type U

CHARACTERISTICS

- User: two people
- Fixing: according to the manufacturer's instructions
- The device does not have an input / output element and non-metallic elements without proof of durability
- Possible head options / anchor points: Ring Nut M12 (Eyelet Nut M12) or handles in the top profile

CERTIFICATE ISSUE BASIS

Certification test report No. 01/III/2021 of March 25, 2021.

REQUIRED TESTS

Static and dynamic tests as well as corrosion resistance according to PN-EN 795:2012 standard, excluding all other standards.

TESTS

The tests of deformation, static and dynamic strength as well as product structure integration have been successful. Corrosion resistance tests of the products also gave positive results. All tests were carried out using the Applicant's equipment at the research stands prepared by the Applicant, under the supervision of the Contractor. A detailed description of the tests and the list of apparatus are presented in the Certification test report No. 01/III/2021 of March 25, 2021.

COMPATIBILITY CONFIRMATION

The Contractor hereby confirms that the characteristics of the tested products are consistent with the assumed requirements – they meet the records of the PN-EN 795:2012 standards.

PLACE AND DATE OF ISSUE

Attention:

All changes made in new models of the equipment that this Certificate applies to must be reported to the Certification Unit conducting the certification (Contractor). In case of changes in normative documents regarding the certified product or the issue of new normative documents, the validity of the certificate should be checked.

For the purposes of launching the product, this Certificate may only be used during its validity period and provided that the provisions of the standard under which the product has been certified apply.

The certificate can only be used as a certificate for a specific product. This also applies to advertising, promotional and commercial materials. Unauthorized or improper use of the certificate may result in its withdrawal.

It is forbidden to change, correct or replace the data contained in the certificate.

This Certificate contains one page of text. The document can only be reproduced in its entirety. It was made in two identical copies, one in Polish language and one in English language, which were forwarded to the Applicant. Only original copies of the Certificate with signatures or properly certified copies are valid in law.
